

THE DEBT OF NATURE

Henry E. Abbey, Operatic Theatrical Manager, Dies Suddenly in New York.

BRYAN'S SPECIAL TRAIN

Everybody was Bidding on Wheat in Chicago To-day and the Price Rushed up.

FIRE AT COLUMBUS, OHIO

NEW YORK, October 17.—Henry E. Abbey, operatic theatrical manager, died suddenly this morning, at his home in the Osborne, Flat House. He had been in bad health since early in the summer. At that time, he and his wife concluded to separate. Shortly afterwards, the operatic firm of Abbey, Schoffel & Grau failed. Mr. Abbey's poor health took on a critical phase, early Wednesday morning, when he was attacked with hemorrhage of the stomach. Every effort to check the ailment proved unavailing. Shortly after 2 o'clock, he became unconscious and died in a short time. The funeral will take place next Tuesday, interment being made at Northampton, Mass.

Henry E. Abbey was comparatively a young man. He was born in Akron, Ohio, in 1846, and learned the trade of a jeweler with his father, who was in the jewelry business, and bequeathed him his business. Having musical tastes, Mr. Abbey became an able musician. In 1869, he became manager of a summer opera house in his native city. His experience with the opera house turned out disastrously. Subsequently, he went to the box office in Euclid Avenue opera house at Cleveland, under the veteran, John Ellsler, and, later, became treasurer of Ellsler's opera house at Pittsburgh. He became very popular and had a number of offers to take charge of tours of prominent professionals. Of these offers, he selected that made by Lotis.

In 1889, he brought Sarah Bernhardt and her company to this country, at great expense. Then being secure in his new fame, Mr. Abbey and Mr. Schoffel became interested in operatic affairs. They brought over Nilsson, Patti, Langtry, and Irving, and their fame increased. In 1893, Mr. Grau was taken into the firm, to strengthen the plans that had been made for a magnificent grand opera season. When the firm secured the Metropolitan opera house, it was their ambition to give a grand opera. This ambition was realized in the history of the brilliant, managerial career of Mr. Abbey, inseparably linked with glories and reverses in the Metropolitan opera house.

On May 23d, the theatrical world and the public were astonished to hear of the failure of Abbey, Schoffel & Grau.

Snow in Chicago.

CHICAGO, Illinois, October 17.—It was snowing here this morning. This is the earliest snow fall in many years. Officials at the weather bureau say the storm will be of short duration.

Bank Statement.

NEW YORK, N. Y., October 17.—The weekly statement of associated banks shows the following changes: Reserve, decrease, \$3,688,100; loans, decrease, \$254,000; specie, increase, \$886,000; legal tenders, decrease, \$5,571,500; deposits, decrease, \$4,789,600; circulation, increase, \$225,300. The banks now hold \$11,911,100 in excess of the legal requirements.

Shipment of Products.

LONDON, England, October 17.—The Great Northern railway company has made a report on the operations of its scheme for enabling farmers and egg and butter dealers in the country to send their produce direct to consumers. The success of the movement has been largely due to the fact that the rates of the railroad are exceedingly low and are charged irrespective of distance. Moreover, no boxes of a special make are necessary.

He Sold Railroad Passes.

KANSAS CITY, Missouri, October 17.—G. D. Berry, chief clerk to General Manager Robinson, of the St. Joseph & Grand Island railroad, was arrested in St. Joseph last night by Post Office Inspectors Geo. H. Waterbury, of Denver, and Sutton, of Kansas City, on a charge of obtaining passes from many railroads of the country by fraud, and disposing of them to brokers. He was brought here and released under a bond of \$2,000.

Destructive Fire Last Night.

COLUMBUS, Ohio, October 17.—Fire broke out in the Hanna paint manufacturing company's store in McCune block at 4 o'clock this morning, and before the fire department could get the flames under control the building was completely gutted. The blaze spread to the Champlin printing company, Hall & Carlisle rock plaster company, a bicycle store and the Postal telegraph office and all sustained heavy losses. The estimated total loss will reach \$75,000. Origin of the fire is unknown.

Offensive Partisanship.

WASHINGTON, D. C., October 17.—The action of the Canadian government in dismissing three translators attached to the reporting corps of the house, on account of their offensive partisanship during the recent election, has been considerably talked of in local official circles, in view of the reports that certain office-holders were likely to feel the weight of the president's displeasure as a result of their activity in the present political strife. Reports from Ottawa indicate that the Laurier administration has simply followed precedent in this action.

THE WHEAT BULGE.

The Cereal Has Advanced Twenty Cents Since September.

CHICAGO, Illinois, October 17.—Wildness opening of the wheat market, this morning, in many months. The market was self-assertive, it depending on no individual, or clique, and going beyond the control of the manipulation of foreign influences and crop deficiencies which usually rule the situation. The San Francisco report, in statement of strength, qualified the statement by good shipments for India and Australia. The trade, this morning, was of vast proportions.

During the last half hour, the market became extremely active, everybody buying and bidding for wheat and rushing prices up from 74-3/4 to 76-3/4 for December. The frenzy lasted until the close, when it was at a recession from the outside, but with a net gain for the day of 3 3/4 cents. Closing, the Berlin cable, showing an advance of 4 1/2 marks, at that place, and the report of additional sales at San Francisco, for shipment to India, appeared to be a final stimulus to the day's market, although the speculative world seems to have become bullish, without regard to special items of news.

Cereals were helped along by the rapid bulge of wheat, but there was an absence of terminal and excitement in the place where they were traded. The wheat advanced in wheat since the present boom was inaugurated early in September, is upwards of twenty cents per bushel.

THE BRYAN SPECIAL.

It is Stopping at Railway Stations in Michigan, To-Day.

Owosso, Mich., October 17.—Mr. Bryan's train took up its journeying again this morning, after lying all night on a siding near St. Johns. He addressed the St. Johns people, half an hour later. The speech was made to an audience of about 20,000 in the court house square.

A three-minute speech was made to a small crowd at Ovid, and fifteen minutes were spent by the candidate in addressing people in the city. The democratic party of Berend and vicinity were holding a barbecue when Mr. Bryan arrived there. However, his stay was so short, ten minutes, only, that Mr. Bryan did not have time to partake of the big, juicy ox, which had been roasting since midnight. He filled in the stop in speech-making, which brought forth frequent cheers from his audience of 2,500.

WHOLESALE BEER.

Is Inaugurated by the Manufacturer of the Beverage.

LONDON, England, October 17.—The royal commission appointed by the government to consider the question of pure beer and to inquire into and report upon the question whether legislation is required to prevent the use of deleterious substances in the manufacture of beer, and whether the materials of which beer may be composed may be defined by law, without undue interference with the liberty of brewers to use any wholesome materials, held its first session to-day. The Earl of Pembroke is chairman, and the members include Dr. James H. H. Gilbert, formerly principal of the England revenue laboratory; Sir J. H. Gilbert, the famous agricultural chemist at Oxford University; and Mr. H. W. Primrose, chairman of the board of customs.

A Missionary Convocation.

SPRINGFIELD, Ill., October 17.—Delegates from all parts of the United States, as well as from Mexico, India and other foreign lands, are attending the annual missionary convention of the Diocese of Christ. This denomination numbers more than 1,000,000 communicants in the United States, and carries on missionary operations in India, Japan, China, Turkey, Norway, Sweden, England, Canada and Africa. During the past year the foreign Christian missionary society has expended nearly \$100,000, while the American missionary society has succeeded in wiping out a large indebtedness without reducing its operations. In addition, over \$500,000 have been raised during the year for evangelical and pastoral work in the United States.

To-day's Appointments.

WASHINGTON, D. C., October 17.—Forthright postmasters were to-day appointed as follows: California, G. P. Healy, of Clavis, and E. B. Rucker, at R. R. R.

RECOGNIZED BY THE PRESIDENT.

WASHINGTON, D. C., October 17.—President Cleveland has recognized Felipe Casar, de Los Rio as consul of Spain at San Francisco.

A trial will convince you of the merits of THE MODEL RESTAURANT.

WORD FROM WATSON

Vice-Presidential Candidate Has Withdrawn From a Ticket* in Kansas.

CHICAGO WHEELMEN'S DAY

Bishop Whitehead Recommends Divine Guidance be Asked in the Election.

LORD SALISBURY NOT ILL

AUGUSTA, Ga., October 17.—A special to the *Chronicle*, from Thompson, says that Mr. Watson says it is true that he has ordered his name off the ticket in Kansas, but it is off the democratic ticket, and not off the fusion ticket. He further adds that there is no fusion ticket in Kansas, but a democratic ticket and a populist ticket. The democrats have printed over the national ticket and the Bryan and Watson, to denote the populist's vote for electors who will, in turn, vote for Bryan and Sewall.

Mr. Mrs. Washburn and Reed, of the populist national committee, who are on their way to visit Mr. Watson, will not reach Thompson until Sunday.

Market Early Active.

WALL STREET, N. Y., October 17.—Speculation at the stock exchange opened quiet and steady. Tobacco, however, was fairly active, and rose from 75 1/2 to 76 1/2, with a subsequent reaction to 75 1/2. Changes in other prominent issues were merely fractional, either way.

Rumor Proved False.

LONDON, England, October 17.—A rumor was in circulation, this morning, that Lord Salisbury had suddenly been taken seriously ill. The report caused great excitement, which rapidly subsided, however, when the rumor was denied upon authority. The story arose from the death of one of the lord's clerks at Hatfield house.

Cardinal Satelli Sails.

NEW YORK, N. Y., October 17.—Cardinal Satelli, the first papal delegate to the United States, and who, two months since, received notice of his recall by the Holy See, sailed to-day on the steamship "Kaiser Wilhelm" for Genoa en route for Rome. A number of his friends, clerical and lay, accompanied him to the dock and bade him a cordial farewell. It is doubtful whether he will ever again return to the United States, even as a visitor.

Wheelmen's Day.

CHICAGO, Ill., October 17.—To-day has been designated as "Wheelmen's day" by the executive committee of the national wheelmen's McKinley and Hobart club, and cyclists' organizations throughout the United States have been requested to arrange for demonstrations, this afternoon and evening, to be addressed by prominent speakers, together with parades and other manifestations of the fact that the wheelmen are already a force in politics. In this city, there will, this evening, be a torchlight parade with at least 20,000 wheelmen in line, and which will be followed by a mass meeting in the Lake Front tent, to be addressed by Robert F. Walker, president of the national wheelmen's club, and other leaders of the sport.

Ladies are especially invited to attend the silver meeting at the Tambo opera house, this evening.

BROTHERHOOD OF ST. ANDREW.

A General Conference Held on Details of Work in Hand.

PITTSBURG, Pa., October 17.—This morning's session of the convention of the Brotherhood of St. Andrew was devoted to a general conference of detail of brotherhood work, while this afternoon there are sectional conferences for bible-class leaders, traveling men, Sunday school teachers and officers. The annual convention sermon will be preached to-morrow at Trinity church by Bishop Whipple, of Minnesota, and who will also preside over the closing meeting of the convention in the evening. In the afternoon, there will be a mass-meeting at the exposition building. The speakers of the day will include the lord bishop of Niagara, Rt. Rev. J. Philip DaMoulin, and Bishops Whitehead and Whipple.

SUPPORTERS FOR DIVINE GUIDANCE.

PITTSBURG, Pa., October 17.—A morning and evening prayer, specially prepared by Bishop Cortlandt Whitehead, has been brought to public notice by the present convention of the Brotherhood of St. Andrew. The prayer, which will form a portion of the Sunday and week-day services until November 3d, is a supplication for divine guidance in the election which is at hand, and for the preservation of the national union and liberties, of wisdom and good government and peace with all the world. The bishop has recommended that the petition be frequently offered by devout Episcopalians.

An Accident at Albuquerque.

Last evening, when the carnival parade was on at Albuquerque, and just as the supply wagon, loaded with fireworks, was a few yards west of the Armij's house, a spark of fire ignited the fireworks therein, and a terrific explosion took place, in which it is reported that a dozen people were more or less injured and the driver of the wagon so buried that his injuries will likely prove fatal. The horses attached to the wagon were not greatly injured, and plunged madly down the street, injuring a number of people, three of whom were members of the band. The explosion occurred at 8:45 o'clock p. m., and of course, cast a pall of gloom on the festivities, the remainder of the evening.

The top of Harvill's peak has been

crowned with snow, the past few days.

Butcher's Liquid Polish and Reviver,

the finest and best floor polish for sale at the old town Hardware Store. D. Winteritz. 270-m.
